XPLORER 2.0

Our Xplorer series campers are the most versatile and innovative campers we've ever made. Coming with an integrated staircase, premium living inclusions as standard, and build features that make it extremely capable offroad, it's ideal as both a weekender or big lap companion.

Purposely designed to fit in the garage, the Shorty measures up at just 1980mm high meaning that, after a trip, it can be quickly unpacked, charged up, and stored more securely and conveniently, within the comfort of your own home.

Overseas model shown. Subject to change without notice.

LIFE WITHOUT LIMITS

XPLORER 2.0

NEXT GEN EXPLORATION

Offering up the same hallmark features from our original, best-selling model – great value for money, bucket loads of storage, and a comfortable, practical setup – the Shorty brings some key new additions to the table.

The 2.0 offers an impressive 2.2 tonne carrying capacity, has a well-equipped 12V system, and is ready for adventures offroad. Most importantly, the Shorty has been engineered so that you're able to store it away in even a small inner city apartment garage.

The 2.0 is perfect for anyone after anything from a weekend away right through to those after a camper ready for a big lap.

PREMIUM LIVING AS STANDARD

Our integrated kitchen makes it easy to cook up a storm. The kitchen comes with a pop-out sink, and a massive prep bench with plenty of room to put the Weber and still work.

KITCHEN

PANTRY

There's plenty of room for all your snacks and utensils. Organise and store all your kitchen gear in transit and have them immediately accessible when you get to camp with our kitchen pantry.

Set it up in under one minute with one person, our Queen Tent will give you a great night's sleep. It's got lighting & power inside, plus you're able to leave all your bedding inside while travelling.

ROOFTOP TENT

AWNING

Free standing with over 13.5m² of total coverage, our awning gives you a perfect outdoor living space. For convenience, it can be set up in under a minute with one person and has inbuilt lighting.

GO ANYWHERE. TAKE EVERYTHING.

NO MORE LADDERS

Who likes ladders anyway?

Our integrated staircase makes it easy to get up into bed, no matter whether you've got a bung leg or decided to have a big night around the fire.

The staircase is complimented with guided lighting, storage compartments, and a handrail to make accessing the rooftop storage or tent easy. It's safer, less strenuous, and allows campers of all ages to get out and enjoy the outdoors.

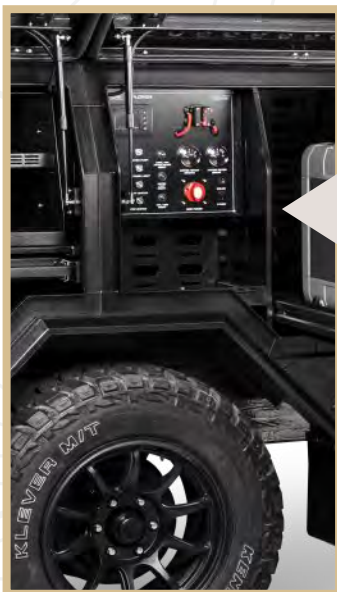

THE GREAT ALL-ROUNDER

Integrated lighting

12V Control Panel
